

Ajit Pai
Chairman
Federal Communications Commission

23 May 2017

Chairman Pai,

As a digital technology creator and small business owner, I am writing to encourage you to maintain strong net neutrality rules backed by Title II provisions. Until proper legislation can be crafted that properly regulate ISPs and protect competition from startups and other digital service providers, Title II classification of ISPs is the best way to enable small innovators to have a competitive chance of success.

Respectfully,

Christopher Lawrence
President
Stranger Entertainment LLC
